

March 2-3, 2018

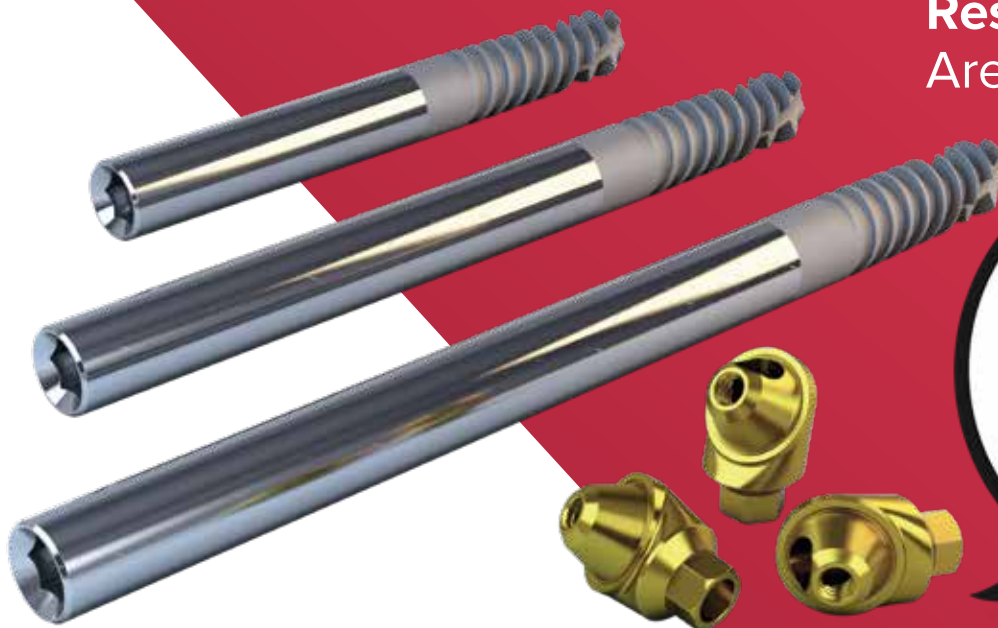

A Course in Anatomy including Dissection of Head Cadavers

Preparatory to advanced implant surgery and
zygomatic surgery

Course moderator:
PROF. FRANCESCO RIVA

Speakers:
DR. FRANCESCO GRECCHI
DR. FRANCESCO GALLO
DR. GIUSEPPE COSCIA
DR. FRANCESCO ZINGARI

Location:
**ICLO Teaching and
Research Center**
Arezzo

CT Scan for each
anatomical specimen
with the related 3D
model for every
2 participants

Accredited course E.C.M.

Presentation of the course

This course is designed for dental surgeons and specialist practitioners interested in extending their knowledge in the field of anatomy; the main goal is to help participants cope with both traditional implant surgery and zygomatic surgery techniques.

The programme of the course is divided into two main sections: a theoretical section including the description of anatomical structures that are relevant for odontologists, as well as implant positioning techniques.

The subsequent hands-on section aims at highlighting the anatomical structures at risk by means of a dissection. Furthermore, participants will perform implant and zygomatic surgeries on cadavers.

A special attention will be paid to the preparation of implant sites in either techniques, in order to achieve the primary stability needed for immediate loading.

Programme of the course

March 2nd

Time	Topic
8:30-9:00	Registration of participants
9:00-10:30	Normal anatomy of the facial region
10:30-11:30	Surgical anatomy of atrophic jaws
11:30-12:00	Coffee break
12:00-13:30	Topographic anatomy of the orbital/zygomatic region and pterygoid region
13:30-14:30	Lunch
14:30-15:15	Approach to zygomatic and pterygoid implant surgery: indications and alternatives
15:15-16:15	Surgical technique, mistakes and complications
16:15-16:30	Coffee break
16:30-17:30	Prosthetic assessment in zygomatic implantology: the immediate loading as a diagnostic path
17:30-18:30	Hands-on practice on models

March 3rd

Time	Topic
9:00-11:00	Hands-on practice on anatomical specimen
11:00-11:20	Coffee break
11:20-13:00	Hands-on practice on anatomical specimen
13:00-14:00	Lunch
14:00-17:00	Hands-on practice on anatomical specimen

Speakers' résumés

Prof. FRANCESCO RIVA

Director of U.O.C. Odontostomatological Surgery department at Ospedale Odontoiatrico «George Eastman», Rome.

President and Scientific Director of Biomatch-Oral.

Current President of Cenacolo Odontostomatologico Centro Italia. Since 2012 - President of A.N.P.O ASL RM/A. 1999-2013 - Director of Complex Operative Unit of Oral Surgery. George Eastman Hospital (Rome). Since 2009 - President and Scientific Director of Biomatch-Oral (Italian Society for the Study of Biomaterials in Oral Surgery and Regenerative Medicine). 2007 - Head of Regional Project: Prevention of Osteoporosis ASL RMA CGIL for retired Lazio population Head of Outpatient Surgery Dental for Ipo- blind population, George Eastman Hospital (Rome). 2000-2007 - President of the Culture and Odontostomatology Research Association "Cenacolo Odontostomatologico Laziale". 2005 - President of the Food Education Association. 2004 - Head of the National Project for the Primary and Secondary prevention of oral tumors: "Guardati in Bocca" ("Look in your mouth") (Ministry of Agriculture, National Institute of Nutrition, Military Health Service) Coldiretti, Zooprofylactic Institute of Tuscany and Lazio, George Eastman Hospital (Rome). Professor at the University of Rome - Training Course for Road Safety Instructors. Member of the Editorial Board of the Italian Dental Economist. 2002 - Head of Health for the Province of Rome during the Road Trauma Prevention Campaign. 2001 - Chairman of the Committee for Road Safety Quality Postgraduate Diploma in Economics and Management Health at the University of Rome "La Sapienza". 2000 - Co-responsible of the National Project CASCO (Mandatory usage of helmets) Ministry of Infrastructure, National Institute of Health, George Eastman Hospital (Rome). 1999 - Head for Central Italy Project PRE. DI. AC. (Prevention and diagnosis of oral tumors). 1998 - Professor at the University of Rome "La Sapienza" - Implantology Master Course. 1995 - Member of the National Oral Health (Ministry of Health). 1985 - Professor at the Hospital Medical School in Regione Lazio. 1983 - Specialization in Maxillofacial Surgery at the University of Naples "Federico II". 1978/1980 - Ministry of Foreign Affairs Scholarship: Division of Maxillofacial Surgery University of Zurich (Switzerland). 1978 - Specialization in Dentistry at the University of Rome "La Sapienza". 1976 - Doctor Assistant at the George Eastman Hospital (Rome). 1975 - Degree in Medicine and Surgery at the University of Padua. Department of Maxillofacial Surgery Scholarship at the University of Münster (Germany). Author of scientific publications in national and international journals and spokesperson at national and international conferences.

Dr. FRANCESCO GRECCHI

Director of U.O.C. Maxillo-Facial Surgery department at IRCCS Istituto Ortopedico Galeazzi, Milan

Graduation in Medicine and Surgery (Università degli Studi di Milano, 1981). Academic Specialisation in General Surgery and Maxillo-Facial Surgery (Università di Milano). Surgical fellow since 1984. First-level executive at Ospedale Niguarda Maxillo-Facial Surgery Department in Milan, since 1995. Associated professor of Maxillo-Facial Surgery at Clinica San Pio X Plastic Surgery Department in Milan, since 1999. Director of Istituto Ortopedico Galeazzi Maxillo-Facial Surgery Department in Milan, since 2000. Author and co-author of 95 scientific publications. Founding Partner of GISOS (Italian Association of Osseointegration and Osteosynthesis Studies).

Dr. FRANCESCO GALLO **Maxillo-Facial surgeon**

Graduation in Medicine and Surgery in 2003. Academic Specialisation in Maxillo-Facial Surgery in 2008. Lecturer of the Implant Surgery Advanced Course at Università di Firenze. Professor of the second-degree Master at Università di Parma. First-degree Medical Executive at Istituto Ortopedico Galeazzi Maxillo-Facial Surgery Department (IRCCS) in Milan.

Dr. GIUSEPPE COSCIA **Maxillo-Facial surgeon with professional qualification in Odontostomatology**

Graduation in Medicine and Surgery in 1990. Enrollment in the professional register for doctors and surgeons of the province of Naples. Academic Specialisation cum laude in Maxillo-Facial Surgery at Università degli Studi di Napoli "Federico II", in 1995. Phd in Patology and Orbital-Maxillo-Facial Surgery at Università degli Studi di Napoli "Federico II", in 2000. First-level medical executive at the Complex Operative Unit (UOC) of Maxillo-Facial Surgery and Odontostomatology of AORNAS S. Anna e S. Sebastiano in Caserta. Lecturer on the occasion of courses, conferences, symposia and author of numerous scientific publications on national and international journals.

Dr. FRANCESCO ZINGARI **Odontologist**

Graduation and PhD in Dentistry and Dental Prosthesis (Università di Milano, 2005). High-school diploma (Scuola Odontotecnica di Milano, 1993). Lecturer of the Advanced Course of Implant Surgery at Università di Firenze. Professor of the second-degree Master at Università di Parma. Freelancer at Istituto Ortopedico Galeazzi Maxillo-Facial Surgery Department (IOG) in Milan, since 2005.
